

MLS GRID IDX Rules

All capitalized terms carry the same definitions given in the MLS GRID Data License Agreement.

1. IDX and MLS GRID Data Usage

IDX or Broker Reciprocity is defined as a cooperative program where the Member Participant grants permission to display their listings on the websites of other Member Participants, and receives the same permissions in return. The use of MLS GRID Data for IDX grants MLS participants the ability to authorize limited electronic display and delivery of their listings by other participants via the following authorized mediums under the participant's control: websites, mobile apps, and audio devices. As used throughout these rules, "display" includes "delivery" of such listings. Electronic display subject to these IDX Rules means displays on public websites and displays using applications for mobile devices that the Member Participant controls. In order to use MLS GRID Data a Member Participant must be actively engaged in listing properties for sale and/or assisting and negotiating on behalf of buyers or sellers in real estate transactions.

2. Consent to IDX Display

The Member Participant's consent for display of their listings by other Member Participants may be presumed unless a Member Participant affirmatively notifies MLS GRID or their MLS that they refuse to permit display on a listing-by-listing basis or a Member Participant affirmatively notifies MLS GRID or their MLS that they refuse to permit display on a blanket basis. An MLS may require a Member Participant to affirmatively Opt-In their listings on a listing-by-listing basis to consent for display of their listings by other Member Participants. Any Member Participant may at any time, by written notice to MLS GRID, request that no data from their listings be included in MLS GRID Data for IDX and an IDX Opt-Out Form may be required. Within ten (10) Business Days after receipt of such notice, MLS GRID shall discontinue including any data from the Member Participant's listings in the MLS GRID Data for IDX.

3. Participation

Participation in IDX is available to all Member Participants who are authorized by their applicable MLS's Governing Documents and who consent to the display of their listings by other Member Participants.

4. Notice of Intent

Each Member Participant must notify MLS GRID or their applicable MLS of their intention to establish a website, an application, or to provide services involving the use and/or display of MLS GRID Data. Member Participants also must give MLS GRID direct access for purposes of monitoring and ensuring compliance with applicable policies and license agreements, including these IDX Rules.

5. Use of MLS GRID Data

Member Participants may not use IDX provided listings for any purpose other than display as provided for in these IDX Rules. This does not require the Member Participant to prevent indexing of listings by recognized search engines. ~~Member Participants and Subscribers may not use MLS GRID Content which was originally submitted by another Member Participant or other sources authorized by the listing's Member Participant, for the sole purpose of creating a referral prospect to a different Member Participant, or for the sole purpose of creating a buyer/tenant relationships with Member Participant's clients. (Removed 12/3/2019)~~

6. Control and Branding

Any IDX display must be under the actual and apparent control of a single Member Participant who has executed a MLS GRID Data License Agreement. Actual control means that the Member Participant has either built the website for their own use with internal resources, or obtained technology for the website under an agreement with a Vendor that provides the Member Participant final control over the operations of the website. Additionally, "actual control" means the ability to add, delete, modify and update information as required by MLS GRID and their applicable MLS's Governing Documents. Apparent control means that a reasonable consumer

viewing the website would conclude that it is under the control of the Member Participant. The following are currently conclusively deemed to be evidence of apparent control: that the Member Participant's branding is equal to or more prominent than that of any other entity, and that the domain name and branding on the website distinguish the Member Participant from nonparticipating firms, e.g., from other franchisees of the same franchise, if applicable.

7. **Withholding Property Address from Display**
Listings, including property addresses, can be included in displays of MLS GRID Data except where a seller has directed their Member Participant to withhold their listing or the listing's property address from all public display on the Internet (including, but not limited to, display on publicly-accessible websites or VOWs or on maps) or other electronic forms of display or distribution.

9. **Criteria for IDX Display**
Member Participants may select the listings they choose to display through IDX based solely on objective criteria, including but not limited to factors such as geography or location, list price, type of property, or type of listing. Selection of listings displayed through IDX must be independently made by each Member Participant. If the Member Participant chooses to limit the display of any listings based on objective criteria, the Member Participant's IDX site must include a disclosure to consumers that clearly states "Some IDX listings have been excluded from this website."
10. **Display of Listing Participant's Offer of Compensation**

The listing broker or agent shall communicate to the MLS that the seller has elected to have one or both of these features disabled or discontinued on all displays controlled by the Member Participant. Except for the foregoing and subject to the section below, a Member Participant's IDX display may communicate the Member Participant's professional judgment concerning any listing. For example, Member Participant shall not state that the consumer may "search the MLS" / "search the BLC" or "access the MLS" / "access the BLC," or similar language. MLS GRID reserves the right to object to any Member Participant's company name or domain name, if MLS GRID believes in its sole discretion the name used is confusingly similar to any name used in commerce by MLS GRID or its MLS members. MLS GRID similarly reserves the right to object to the use of any combination of the words "Multiple" (or "Multi"), "Listing" (or "List"), or "Service" (or "System"). Member Participants using prohibited language will not be granted access to MLS GRID Data for IDX display.

To satisfy the requirements of Regional Multiple Listing Service of Minnesota, Inc. policy (1) This agreement must be available to consumers before they are able to see the IDX data and must be available for review at the beginning of each visit by the consumer. (2) The consumers must assent affirmatively to the terms by clicking a button that prominently says I AGREE. (3) Failure of a consumer to assent to the terms must result in no further access to the data for that consumer.

This can be done unobtrusively by putting a link near the 'Search' button on the search page. The link could say "I have read and agree to the terms of the license agreement" (with "license agreement" linked to the full text of the EULA). The language used in the agreement must be exactly the language available in the following linked document, unless RMLS approves alterations in writing in advance.

The RMLS End-User License Agreement can be found on the MLS Grid website here:
